

# TABLE TALK

## CFCE

### NEGOTIATIONS

The CFCE negotiations team met with the District's negotiations team on Jan. 26 and discussed the following:

- Working Remote: District and CFCE begin discussions on mutual interests in developing a post-pandemic remote work plan.
- Federation Rights: District and CFCE discuss updates to include adding language from AB119, which increases CFCE's ability to communicate with classified employees.
- Safety equipment and uniforms: District and CFCE discuss adding language to the contract regarding specific uniform items and safety equipment.
- Transfers: District and CFCE discuss contract changes that would allow employees two business days to confirm acceptance of a voluntary transfer as per the recent MOU. Current contract language allows for only 24-hours.

If you would like to provide input to the CFCE negotiations team, or have questions, please send a note to CFCE Executive Director Michael Carrizo at [MCarrizo.x@cccd.edu](mailto:MCarrizo.x@cccd.edu).

Thank you for your continued support as we strive to greater equity and respect for Classified Professionals in our collective bargaining agreement.
